

图 2 EST-86 在四倍体花生及其二倍体祖先上的扩增子序列 注: EST-86 在 *A. duranesis* 和 *A. ipanesis* 基因组中均存在一份拷贝, 但栽培种只保留 *A. duranesis* 基因组拷贝

Figure 2 Amplicon sequence of EST-186 in *A. hypogaea* and putative diploid progenitor

Note: *A. duranesis* and *A. ipanesis* genome each contained one copy of sequence "EST-86," but one the copy from *A. duranesis* genome retained in *A. hypogaea* genome
